## Research Ecosystem Policy

Policy Prepared By

**Dr. A. M. Mulajkar,**

Coordinator,

Research & Development Committee,

M. M. Nianga Dist. Latur

## Research Ecosystem Policy

### **Vision:**

Creating an ecosystem to strengthen research for sustainable development and social change

### **Objectives:**

Maharashtra Mahavidyalaya Nilanga is committed to good research ecosystem:

- To strengthen research ecosystem.
- To enhance existing research areas and develop expertise in emerging fields.
- To encourage and facilitate the inter-disciplinary and multi-disciplinary research.
- To develop required research infrastructure and to provide research framework and guidelines to faculty, research scholars and students.
- To ensure integrity, quality and code of ethics in research
- To inspire young researchers to undertake socially useful research.

### **Strategy:**

To adhere research policy and extension and outreach policy to create research ecosystem in the college where senior researchers will mentor the young researchers to undertake research projects and youngsters will enrich the research with their knowledge of modern technology.
