1.2 Profile of Mahindra Agri Solutions

Mahindra Agri Solutions Ltd. (MASL) was established in the year 2000 as an agro-services and agri.-retail business. Mahindra fruit set up in his family owned enterprise of the Mahindra family. The CEO of Mahindra Agri Solutions is Mr. Ashok Sharma. The company is born out of passion on the part of Mr.Chaitnya Rajwade and Mr.Pravin Barhate to make a mark for them, in what was at the relevant time a sunrise industry in which India seemingly had natural advantages.

In 2011, under a scheme of arrangement between Mahindra Agri Solutions and its parent company, Mahindra & Mahindra is done. The company also has a tie-up with M/s Capespan and M/s Univeg, which are largest distributors of fruits and vegetables supplying to the top retail chains globally, for supply of Fruits and Vegetables to the European

markets. Agri Solutions provides farmer with a single source channel to access all the products, services, and knowledge they need to run productive farms. Before the planting season, company provide farmer with a portfolio of seeds including cereals, oil seeds, fruits, vegetables and seed potato. By supplying high quality seed before the growing season, company enhances potential for improved farm productivity in several regions of India. During the growing season, company brings farmers an array of products to help them protect their crops and reach high yields. After harvest, company provides distribution services for fresh produce both domestically and abroad. Company exports to numerous retailers of Europe, UK, Middle East, China and Southeast Asia and import foreign fruit of India. Our fresh produce basket includes pomegranates, mango, apples, kiwis and pears.

Mahindra Agri Solutions (MAS) a part of the US \$ 16.2 billion Mahindra Group showcased its range of home grown grapes in Asia's largest fruit expo – Asia Fruit Logistics in Hong Kong. Asia Fruit Logistics, the Asia-Pacific region's top event for fresh produce marketing, offers a unique opportunity to interact with customers and suppliers from around 64 countries.

In Mahindra Agri Solutions packhouse there is main four sections staff room, pre cooling, cold storage, packhouse. Pre-cooling and cold storage system equipped with forced air cooling system with the help of three large fans.
