"Awareness program for virus communicable diseases:"

Organizer/ Coordinator/Head: Dr.S.G.Benjlwar

| Name of the Activity | Date | Time | Venue | No. of Students Present/Participated |
|--|------------|--------------------|------------------------------------|--------------------------------------|
| Awareness program on various communicable diseases | 07-04-2022 | 2:00 PM to 3:30 PM | Maharashtra Mahavidyalaya, Nilanga | 70 |

Objectives of the Activity:

To educate the community on the prevention and control of virus communicable diseases.

Brief Report:

Under the Health Awareness Campaign of the Government of Maharashtra, the National Service Scheme Department of Maharashtra College and the Upazila Hospital, Nilanga jointly conducted health awareness activities in the college regarding communicable diseases. On this occasion, Sub District Hospital, Nilanga, Dr. Hugge gave guidance regarding infectious diseases and elaborated the measures to prevent infectious diseases. On this occasion, Program Officer of National Service Scheme Department, Dr. Subhash Benjalwar, Dr. VP Sandur organized this program successfully. A large number of National Service Yojana volunteers were present on this occasion.

- Types of virus communicable diseases
(e.g., COVID-19, influenza, HIV)
- Modes of transmission
- Symptoms and diagnosis
- Prevention measures (e.g., vaccination, hygiene practices)
- Treatment and management options

Activity Report/-61

Outcomes of the Activity

- Increased awareness and understanding of virus communicable diseases among the target audience
- Improved knowledge on prevention and control measures
- Enhanced community engagement and participation

Conclusion:

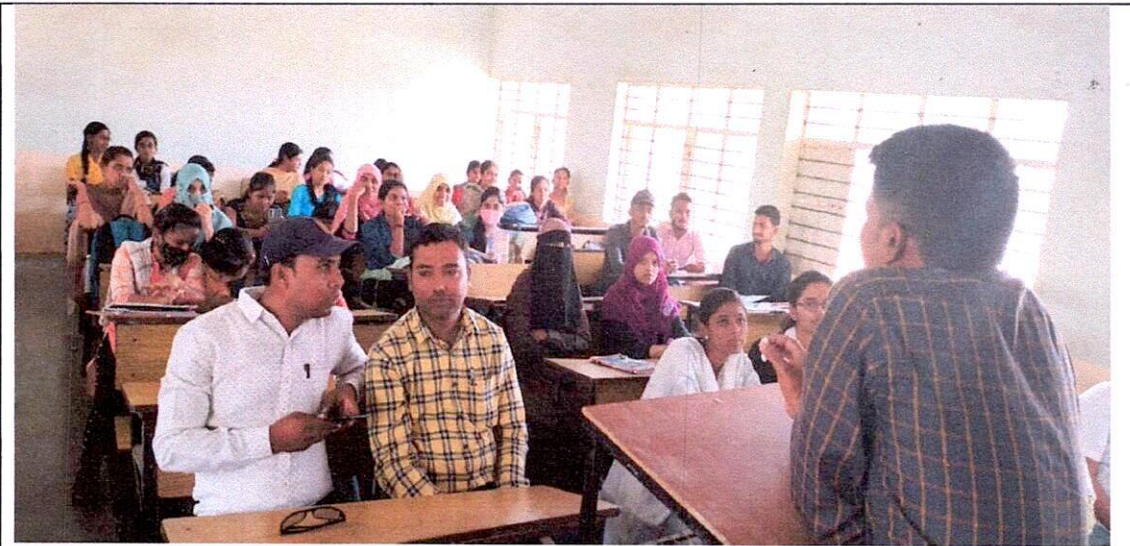

The awareness program on virus communicable diseases was a success, with a significant impact on the community's knowledge and understanding of the topic. We hope to continue and expand our efforts to promote public health and well-being.
