Tree disease prevention activities

In order to keep the college premises green and beautiful, the college planted trees on different days, conserved them and applied a mixture of lime and other medicines to the root of the tree so that it does not get pests after the tree grows up. Accepted this responsibility. The college is working with the aim that everyone should plant a tree and preserve the planted tree.

Employees' Birthday: Celebrating by Tree Plantation

The college is implementing various activities to keep its premises green and to preserve it. We are planting trees on the occasion of birthdays of the teaching and non-teaching staff of the college from the concept of Prof. Suresh Kulkarni of the Department of Chemistry. This concept is being continuously implemented by the college. The college is constantly trying to increase the greenery in its area by supplying water to the planted tree, taking proper care of it and maintaining it.
