**A Programme under M. M. Campus Film Society
Organized During
The Academic Year 2018-19**

Documentary: "BBC Life:Plants"

Organizer: Dr. D. S. Choudhari

Name of the Activity	Date	Time	Venue	No. of Participants
Documentary BBC Life: Plants	17-08-2018	12:20 PM to 2: 20 PM	Hall No. 22	27

Objectives of the Activity:

1. To showcase the diversity and complexity of the plant world
2. To explore the ways in which plants have adapted to their environments
3. To highlight the unique characteristics of various plant species.
4. To inform the students about the natural world and the effects of global warming.
5. To discuss the technical aspects of documentary films.

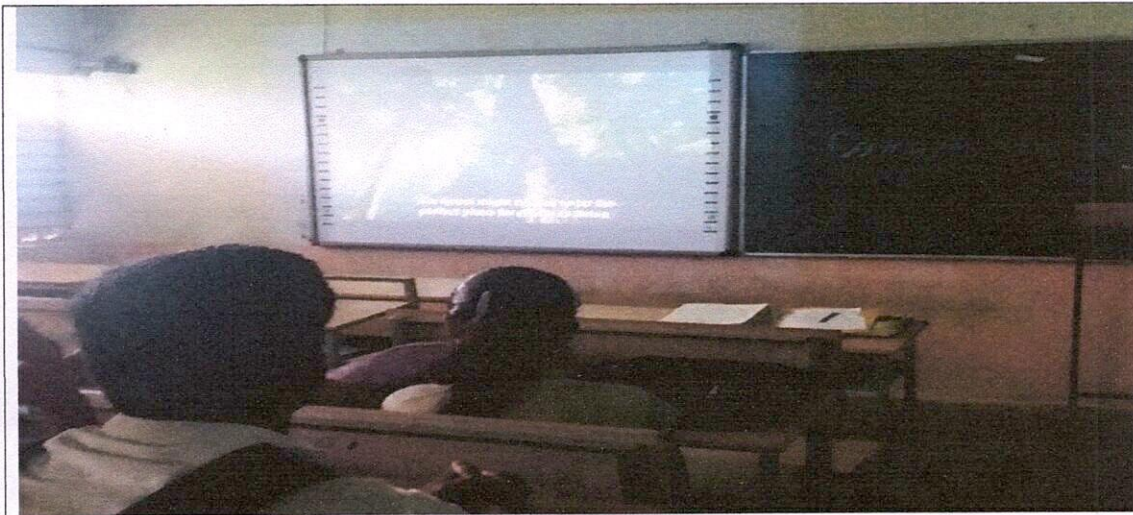

Brief Report:

As part of the activity M. M. Campus Film Society, a screening of the documentary film BBC Life: Plants was organized on 17/08/2018 in hall no. 22 of the college. The documentary showcases plants' survival strategies and techniques. It explores the ways in which plants grow, travel, and compete for light and food, and battle against predators. The documentary also highlights the unique characteristics of various plants, such as the dragon's blood tree, the Bornean tree, the desert rose, and the Heliconia plant as well the complexity of the plant world. The effects of the global warming on the plants are also highlighted in the documentary film. The plants and the interconnection between the ecology are also highlighted in the documentary film. The students were able to know the ecological concerns involve in deforestation. The natural habitats which are still intact are also discussed in the film. After the screening the students discussed about the issues raised in the documentary film. The students came to know the difference between a feature film and a documentary film.

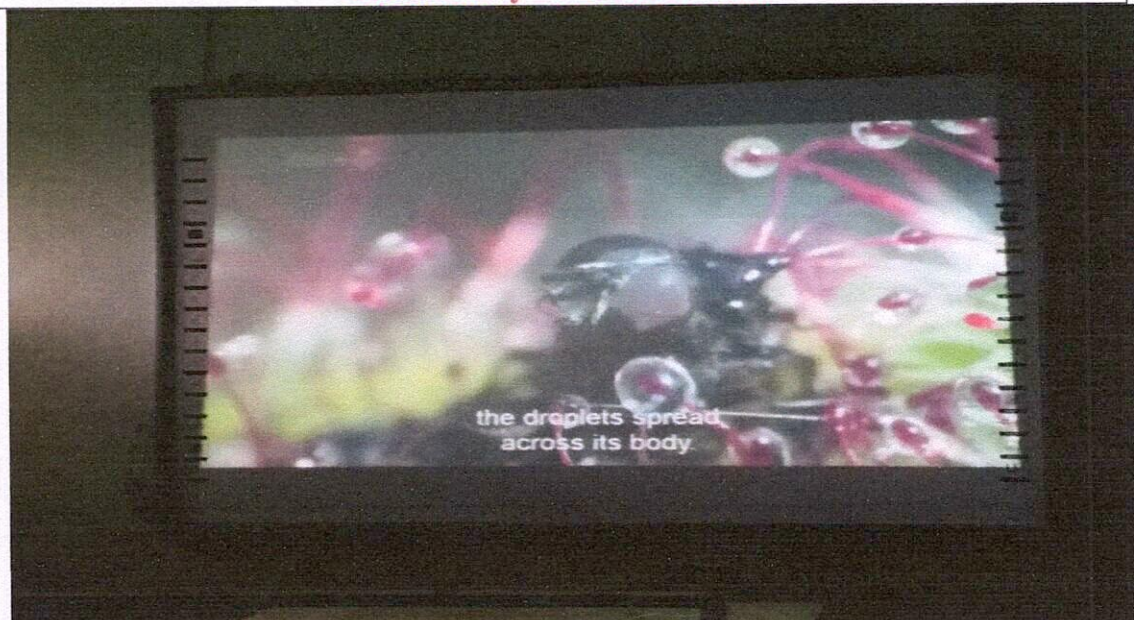

Outcomes of the Activity

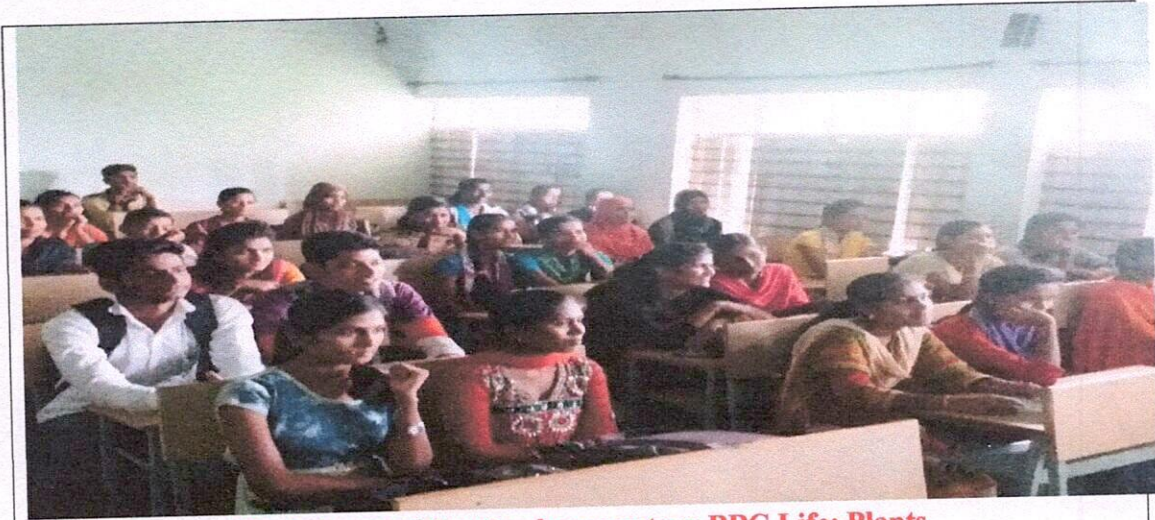

1. The documentary highlights the importance of appreciating and respecting the plant world.
- 2- It encourages viewers to consider the ways in which plants are essential to human life.
- 3- The documentary showcases the beauty and complexity of the natural world.
- 4- It inspires viewers to take action in protecting the environment.
- 5- The students came to know the difference between a feature film and a documentary film.
