during

The Academic Year 2022-23

"Bank Model Making & Demonstration"

Name of the Activity	Date	Time	Venue	No. of Students Present/Participated
"Bank Model Making & Demonstration"	22/05/2023	11:00 AM	Class room	48

Organizer: Department of Commerce

Objectives of the Activity:

1. Learn How Banks Work: Help students understand the basics of how banks operate by making and showing their own bank models.
2. Boost Creativity and Problem-Solving: Encourage students to use their imagination and problem-solving skills to design and explain their bank models

Brief Report:

On 22 May 2023, the Commerce Department, under the guidance of the Head of the Department, successfully organized a **Bank Model Making & Demonstration** activity. The event was held in Hall No. 27 and featured the active participation of students from various streams. The "Bank Model Making & Demonstration" activity was a resounding success. Under the expert guidance of Dr. N. V. Pinamakar, students were able to create and demonstrate functional bank models, thereby achieving the objectives of the event. The active participation and enthusiasm of students from various streams highlighted the value and impact of such practical, hands-on activities in enhancing educational experiences.

The Commerce Department extends its gratitude to all participants and visitors for their involvement and support.

Outcomes:

1. **Better Understanding of Banking:** Students gained a clearer understanding of how banks work through the process of creating and demonstrating their own bank models.
2. **Increased Creativity and Skills:** Students improved their creativity and problem-solving skills by designing and explaining their bank models.
